

## Our Customer Driven Roadmap

BoviSync is customer-driven and relies on the voice of dairies to provide the best herd management software available. Your feedback determines the direction that we take. We are excited to share access to BoviSync on Canny. Your submissions and votes will help guide us. In addition, we want to keep you in the loop about what we're working on to improve BoviSync. Your votes and submissions allow us to communicate directly with you about progress on the roadmap of features and improvements for BoviSync. BoviSync is committed to constant improvement and continued investment.

Got ideas? Something that BoviSync should do? Let us know.
